Trees, Plants, Vines, Etc.

Sylvanus B. Huested,  
Blauvelt, N. Y.  

1893.
The call for a NEW CATALOGUE gives opportunity to express my gratitude to my patrons for the liberal patronage which I have received and I solicit a continuance of the same.

Location.

These NURSERIES are located on the WEST SHORE R. R. and PIERMONT BRANCH of the ERIE R. R., about ten minutes walk from either depot, thus having unusual facilities for shipping by either of these railroads, as well as by the National and Wells Fargo & Co. Expresses.

Description.

In making descriptions of fruits and trees, I have used English names, and endeavored to be as concise and truthful as possible, and in selecting varieties have chosen only those likely to succeed in this locality, and such new varieties as have already been so tested as to give promise of being worthy of further trial.

Guarantee.

I use the greatest care possible to have every tree true to label, and am ready at all times to correct any mistake, and while I warrant every tree or plant to be true to name, it is with the express understanding that I shall replace with others, true to name, or refund the money paid for any tree or plant that may not prove true, and shall not be held liable for damage further than as above stated.

Orders.

In making Orders, please observe the following hints:

* All orders should be sent as early as possible and written very legibly, separate from the letters enclosing them.
* Give explicit directions for shipping or delivery, after which my responsibility ceases.

Substitution.

Where particular varieties are ordered, state to what extent, if any, substitution may be made, in case the order cannot be filled exactly; I use my best judgment in making such substitutions when no directions are given.

Packing.

Charges are made for packing trees in bales or boxes to cover cost; small fruits and plants are packed free.

Terms.

Remittances can be made by Check, Express or P. O. Money Order on Blauvelt, N. Y., or by Registered Letter. I employ no Agents or Drummers, but am ready to answer all inquiries by mail, and will call in person or send some one, when requested to do so.
